Since, it is **you** we strive to serve, your suggestions to improve the layout or anything **which will help us serve you better, are most welcome and will be much appreciated.***

**Please accept this Price-list  
(dated 1 August 2025) as our VALID QUOTATION.  
Orders may be placed for Prompt Supplies.**

## IMPORTANT NOTES FOR EFFICIENT SERVICE

Though **General TERMS & CONDITIONS** are given on the inner back cover, from our experience of many decades, we would suggest you to read the following carefully for realization of our common goal i.e. **immediate availability of wide range of top class products from our centrally located premises in Chennai:**

Though our dedicated staff try their utmost **for same day** supply for most of the orders received before 3 pm, but sometimes, because of heavy load of orders and busy counter, supply may be made the next day, or whenever goods are received if they are not available in ready stock. However, please note the following carefully:

1. Though generally, most of the items are supplied from **ready stock**, leftover items, if any, are supplied later whenever received. **PLEASE DO NOT INSIST ON SUPPLY OF ALL ITEMS IN ONE LOT** which can delay the execution of the entire order for want of some single item.
2. For the leftover items, it is not possible to give specific time for supply. Being a company with high ethical standards, we do not wish to make promises which we may not be able to keep, since sometimes supply is delayed for reasons beyond our control or transport delays. In our vast business span of five decades, we are convinced that it always pays to be honest with customers explaining the delays and not make promises which we are unable to keep.
3. **RETURN OF GOODS:** "To extend **maximum Cooperation and Support** to our customers", is THE PLATFORM from which we in **The Science House, Chennai**, like to work. Hence, please order **correct quantities and material** only. We can accept returns for saleable products, in saleable condition only. But please note that **return or exchange** of the following products are **NOT POSSIBLE at all:**
  - a. **Sterile products.**
  - b. **Heavy (or High Value Instruments) bought specifically for you against your order or from stock.**
  - c. **Items purchased specifically for you against such orders.**
  - d. **Any item without original packing, labels etc. and not in re-saleable condition.**
  - e. **Items sold more than 20 days ago.**
  - f. **Any sensitive products like Counting Chambers, Micro-Pipettes, Vacuum Pumps, Cuvettes, etc.**

If above five points are o.k. **please inform us but bring back or despatch the items** to Chennai **only after our agreement**. Please also ensure that **our concurrence has been received**. However, we suggest that when more than the usual quantity of any item is ordered specially instruments, **please always get one sample approved before entire quantity is supplied.**

**In case of Instruments/Equipment, it is always better to know customers specific requirements, model number etc, before you get the instrument from us.**

### OUR DECISION ON RETURN OR EXCHANGE WILL BE FINAL.

#### SALE OF MEDICAL PRODUCTS REQUIRING A DRUG LICENCE

Kindly note that a few Medical products are now available from us. As per Govt rules, sale is allowed only to Medical/ institutional customers, or to organisations with a valid Drug Licence. Such products are marked with a + .

## OIL-FREE VACUUM PUMPS : Brand Sh

281. 'Brand Sh' Vacuum Pumps are the perfect companion in the laboratory for all Vacuum and Pressure requirements. Completely oil-free, they are the only choice when Oil contamination is a problem. All moving parts are designed such that maintenance is minimum. No lubrication required.

**ADVANTAGES** { Reliable Compact  
Efficient Noiseless  
Portable Economical

**APPLICATIONS** { Filtration Evacuation  
Distillation Compressor  
Gel Drying Aeration

- Manufactured from special grade aluminium
- Valves are made of SS316
- Extra Large bearings for trouble free & smooth running
- Diaphragms made of 2-ply nylon reinforced neoprene
- Special sealed bearings do not require lubrication

**VACUUM REGULATOR:** Cat#: TID-REG. For all pumps. With Gauge, Needle valve. POR

**CRP** models incorporate **Chemically Resistive Parts**. All gas flow parts are made of **PP & Teflon**. These models are ideal for acid filtrations or other applications, which involve corrosive substances.

**FM** models are with Flame-proof, non-sparking motors. Ideal for use in chemistry labs with solvents.

TID-75P is a **high flow** model - ideal for **large volume** filtrations.

*Note: There is no Warranty on ANY Vacuum Pump against chemical corrosion. Users need to take care not to suck chemicals into the pump. We will charge for any repairs against such damage. Please use a suitable Trap / Filter / etc. as per the requirement.*

## AGATE PESTLE & MORTAR

**NOTE:** Diameter mentioned is approximate. Each piece will vary in colour & dimension. These are hand-carved from natural stone, not machine-made. Hence, imperfections, lines, grains, etc are visible, but rarely affect the usability or the strength of the product. These are only natural grains or colour variation. **Returns for any of these reasons are not accepted.**

Please do not ask for 'perfect' pieces - it is not possible in a natural product.

## OIL TESTING INSTRUMENTS

Supplied without Thermometers, accessories. Installation/Demo not provided.

497

498

497. **REDWOOD VISCOMETER:** Used for standardisation and determination of **viscosity** of Petroleum products as per IP70. *Electrically Heated with Separate Energy Regulator Control.*  
**REDWOOD VISCOMETER No.I:**  
 For liquids having Redwood Flow **20 Secs to 2000 Secs.** Cat#: RAP101. ₹ 11,900.00  
**REDWOOD VISC. No.II:** For Flow **exceeding 2000 Secs.** Cat#: RAP105. 13,300.00

498. **ABEL'S FLASH POINT APPARATUS:**  
 As per IP33, 170 and IS-1448 PT. **With Test Jet.** Electric Heated with Separate Energy Regulator Control. Cat#: RAP120. 11,000.00

499. **PENSKY MARTENS FLASH POINT APPARATUS:**  
 As per IP34, ASTM-D-93-58T. **With Oil Test Jet Device.** Electric Heated with separate Energy regulatory control. Cat#: RAP125. 10,000.00

500. **CLOUD & POUR POINT APPARATUS:**  
 As specified by IP-15, ASTM-D-97/57 & IS 144811970. Glass jar, jacket, disc & gasket as specified. **Single test with insulated body.** Cat#: RAP152A. 5,800.00  
**Two Test with Insulated Body.** Cat#: RAP153A. 7,000.00

501. **CLEAVELAND FLASH & FIRE POINT APPARATUS:** (IP 36/57, IS 1448 (P:69) & ASTM-D-92-67). Electrically heated with separate energy regulator. Cat#: RAP132. 6,400.00

502. **PENETROMETER:** With Containers, weight, penetration needle. Cat#: RAP137. 11,500.00

## 'LAMY RHEOLOGY' VISCOMETER

508. **DIGITAL POCKET REFRACTOMETER: Aceteq.** **NEW**  
Cat#: RFB-55. Range: 0-55%. ₹ 9,200.00
509. **DIGITAL POCKET REFRACTOMETER: Atago, Japan.** **NEW**  
Cat#: 3810 MERA-PAL. Range: 0.0-53.0%. ₹ 19,000.00
510. **DIGITAL REFRACTOMETER: Milwaukee.**  
Cat#: MA-871. Range: 0.0-85% Brix. Dual level LCD, ATC, min 100uk sample. P.O.R.  
Cat#: MA-887. Salinity Range: 0~50 PSU: 0 to 150 ppt| 1.000~1.114 SG (20/20) P.O.R.

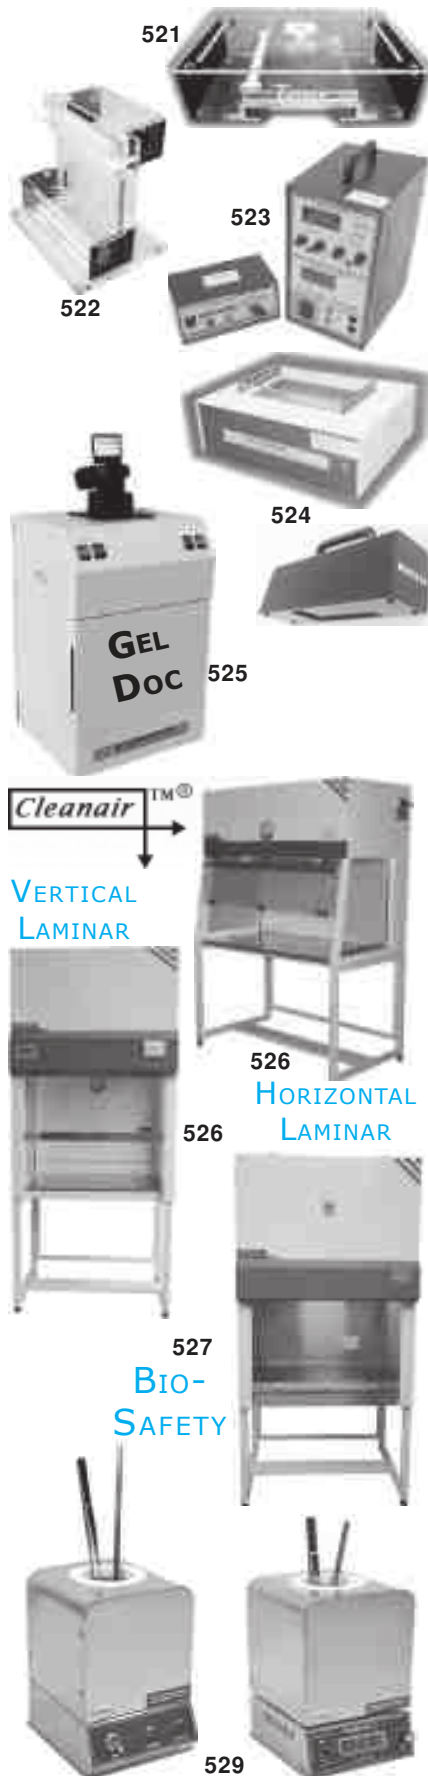

### POLARIMETERS & FLOW-CUP VISCOMETER

511. **POLARIMETER:** College grade. Without Sodium Lamp assembly.  
With Laurent half shades, 200mm tube. Cat#: 1421. ₹ 5,600.00  
With BiQuartz Prism, 200mm tube. Cat#: 1426. 8,250.00  
SPARE TUBE FOR ABOVE 8" (200 mm): Cat#: 1422. 750.00
512. **POLARIMETER: Labman.** Cat#: LMPM180. 31,100.00
513. **RESEARCH POLARIMETER:** Without Sodium Lamp assembly. Half shade.  
For 200mm tube or 400mm tube. POR  
**SODIUM VAPOUR LAMP ASSEMBLY:** For above. POR
514. **AUTOMATIC DIGITAL POLARIMETER: Labman.** Cat#: ADP40. 173,000.00  
HIGH SPEED model, with CFR. Cat#: ADP95CFR. 487,000.00
515. **FLOWCUP VISCOMETER:** A simple straight unit for determination of  
consistency of Resins, Printing inks & Paints. With B4 Jet & Stand. Cat#: 1428. 1,950.00  
Cat#: 1423. Routine/Economic quality. 1,450.00
516. **PYKNOMETER**, with 1 Ltr Glass Bottle. Cat#: 3981. 920.00

### MELTING POINT APPARATUS

517. **MELTING POINT APPARATUS: Brand Sh.**  
For determination of single or mixed melting points upto 350°C. Consisting of a  
cylindrical aluminium block with built-in electrical heating elements.  
1261. With energy regulator, without capillary tube and thermometer. ₹ 5,900.00  
1262. With Solid state control. 6,800.00  
1263. With Digital Display. 15,500.00  
DBK Melting Point Apparatus - Programmable: Pg.41.
518. **MELTING POINT CAPILLARIES: Agra.**  
Uniform bore capillaries with proper cut & sealing, for uniformity in results. 100/vial.
